

FY24 Annual Business Plan Missaukee Conservation District

For more information contact Dani Hamilton, 231.839.7193, danielle.hamilton@macd.org

Mission of the Missaukee Conservation District

Promote conservation, stewardship and sustainable use of the natural resources in Missaukee County through landowner assistance and education.

Natural Resource Priorities:

1. Invasive Species Control
2. Surface waters (lakes, streams, rivers)
3. Forest health
4. Water quality
5. Agriculture fertilizer/pesticide

NR Priority	Program Area(s) / Person Responsible	Target Dates	Output(s)	Expected Outcome(s)
1	NCCISMA	October to September	Invasive Species and Forest Management, meeting goals of Steering Committee through grants and partnerships.	Identify invasive species, initiate strike teams, and partner with other organizations to reduce their impact.
2, 4, 5	MAEAP Technician	October to September	Meet FY24 deliverables as per grant agreement and other assigned District activities	Assist the agricultural community in Missaukee/Wexford/Kalkaska/ Crawford counties in protecting soil air and water resources. Reduce erosion and pesticide use.
2,4,5	CTAI Technician	October to September	Meet FY24 deliverables as per grant agreement and other assigned District activities	Assist private landowners with technical assistance on Farm Bill and Conservation practices.
1, 2, 3, 4	Forester	October to September	Meet FY24 deliverables as per grant agreement and other assigned District activities	Help landowners better understand, plan, manage, protect and utilize their forest resources-for timber production, wildlife habitat, recreation; assess forest health
1,2,3,4,5	Conservation Technician	October to September	Increase knowledge in our community of all things natural resources through partnerships.	Conduct educational workshops on surface waters protection and management, and water quality to students and adults
